Dear Valued Pet Owner,

I am very proud to announce that The Center for Animal Referral and Emergency Services (CARES) has created a charitable fund to offer grants to clients who need financial assistance to provide life-saving care for their pets.

All too often, even the best pet owners can find themselves financially unprepared to do what is needed to save their pet, and facing a heart-wrenching decision if they cannot afford treatment.

Of course as veterinarians we love animals first and foremost, and do not want any family to have to make that terrible decision. So inspired by clients who wanted to help less fortunate owners afford emergency pet care, we have established a charitable fund with the Veterinary Care Foundation.

The Veterinary Care Foundation is a 501 (c) (3) charitable foundation and is unique in that 100% of every dollar donated goes directly to veterinary practices - the Foundation never uses charitable contributions for administration, salaries or fundraising. For those of you who are in a position to help other less fortunate pet owners, you can donate by visiting www.pawsitivelycaring.com and donating through the online form provided by The Veterinary Care Foundation or by completing and returning the form on the bottom of this letter.

Thank you for your generosity and should you have any questions, please feel free to contact me.

Sincerely,

Samantha Fritz, CVT
Chief Executive Officer
